2021

Percentage - 85.6%

Experience

Adware Technologies Pvt Ltd, | [Linkedin](#)

Database Developer · Internship

Jul 2024 - Oct 2024

Ghaziabad

Working as a Database Developer at Adware Technologies Pvt. Ltd., a leading web and mobile application development company. Responsible for designing, implementing, and maintaining efficient database systems to support scalable applications. Develop complex SQL queries, stored procedures, and triggers to ensure seamless data management and integration with software solutions. Monitor database performance, optimize queries, and enforce data integrity and security standards. Collaborate closely with cross-functional teams including developers, designers, and project managers to deliver high-quality solutions aligned with client requirements. Participate in database planning, schema design, migration activities, and troubleshooting to enhance system reliability and performance.

Projects

Student Management System

· Python,Tkinter,MySql

Nov 2024 - Jan 2025

Database Developer

The Student Management System is a desktop application developed using **Python and Tkinter** for the front-end and **MySQL** for the database. It is designed to efficiently manage student information, including roll number, name, email, date of birth, gender, contact, and address. The system allows users to **add, update, delete, and view student records** with ease. It also includes a built-in algorithm to ensure accurate data handling and streamlined operations, making it an effective tool for educational institutions to manage student data efficiently.

Portfolio Website

· HTML,CSS,Javascript

Jan 2025 - Mar 2025

I am Akash Kumar Soni, a passionate and aspiring developer with hands-on experience in **Python, Java, HTML, CSS, JavaScript, and database management**. My portfolio showcases projects that reflect my skills in **web development, application development, and problem-solving**, including projects like **Student Management System, Quiz App, and Calculator**. I aim to create efficient and innovative solutions while continuously learning and growing in the field of software development.

Quiz Website

· HTML,CSS,Javascript

Apr 2025 - Apr 2025

The Quiz Website is an interactive web application developed using **HTML, CSS, and JavaScript**. It allows users to take quizzes on various topics, track their scores, and view results instantly. The platform is designed with a **user-friendly interface** to provide an engaging and seamless experience while testing knowledge and learning new concepts.

Weather Recognition

· Python,PAndas ,Numpy

Apr 2025

Deep learning

Developed a **Quiz Website** using **HTML, CSS, and JavaScript** to provide an interactive platform for users to test their knowledge. The website features multiple-choice questions, instant score calculation, and a user-friendly interface to ensure smooth and engaging user experience. It demonstrates skills in **frontend development, UI design, and basic logic implementation**.

Skills

Programming Languages: Java, Python, HTML, CSS, Javascript

Tools and Technologies: Excel, Visual Studio

Technical Skills: Communication, Time Management

Languages and Frameworks: Numpy

Languages

English [Limited Working Proficiency], Hindi [Native Proficiency], French [Fundamental Proficiency]
